

REMARKS

The Examiner indicates that an Amendment was filed on March 15, 2004 and that remaining Claims 8 through 20 are drawn to a non-elected species. The undersigned contacted Examiner Dunwoody explaining to him that this application only includes 11 claims. Applicants never sent an Amendment as suggested by the Examiner. The Examiner indicated that there was a mistake in the present application in that his Office Action dated June 8, 2004 did not relate to the present application. Accordingly, Applicants respectfully request the Examiner to withdraw the June 8, 2004 Office Action and review and act on Applicants' March 11, 2004 Amendment.

Accordingly, should the Examiner have any questions regarding the present application, he should not hesitate to contact the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: June 17, 2004
